Should the number of shares so determined be not multiple of one, then the method of rounding down to the nearest integer shall be applied.

During the time remaining to exercise their pre-emptive right, shareholders may exercise it by filing requests with the Bank

for the acquisition of additional shares. The number of additional shares that may be so acquired by a shareholder is limited only by the number of shares that are not yet allotted under such subscription. Shareholders' requests shall be satisfied on the basis of the precedence of their receipt by the Bank by concluding share subscription agreements.

Where these Articles are silent, procedures for exercising the pre-emptive right to acquire additional shares issued by the Bank shall be governed by a local act of the Bank approved by the General Meeting of Shareholders.

Belarus Segodnya* newspaper and/or placing it on the Bank's official Internet site or making it known otherwise, thereby providing access to the text of such share acquisition offer to an unrestricted body of persons. Where the law does not require such share acquisition offer to be made known to an unrestricted body of persons, the Bank shall notify its shareholders, holders of such shares, within 10 (ten) days starting from passing a relevant resolution by the General Meeting of Shareholders to acquire the Bank's own issued shares, in a manner used to notify them of holding such meeting or by regular mail, hand delivery (courier), or by telecommunication means duplicated by mandatory delivery (mail dispatch) of the original of the notification in writing, stating the number of shares of each class to be acquired by the Bank, share purchasing price, deadlines for submitting share sale offers by shareholders and the time schedules for such share acquisition.

Any offers received by the Bank after the expiration of the stated time frame shall be ignored.

Within the time frame set by the relevant resolution passed by the General Meeting of Shareholders on the acquisition by the Bank of its own issued shares, the Bank must, proceeding from the results of reviewing shareholders' share sale offers, either acquire the shares offered by shareholders for sale or notify shareholders of its refusal to acquire the same in writing by regular mail, hand delivery (courier), or by telecommunication means duplicated by mandatory delivery (mail dispatch) of the original of the notification.

Where the total number of shares offered for sale exceeds the number of shares that are to be acquired by the Bank under the resolution, such shares shall be purchased from shareholders proportionally to the offers submitted. Should the number of shares not be multiple of one, then the method of rounding down to the nearest integer shall be applied.

Any shares that shall be acquired by the Bank under a resolution passed by the General Meeting of Shareholders on decreasing the Authorized Capital for the purpose of reducing their total number shall be subject to cancellation in a manner prescribed by law. Any shares that shall have been otherwise acquired under a resolution passed by the Bank itself shall be placed at the disposal of the Bank.

Any application containing (revoking) a share buy-back request and received after the expiration of the stated time frame shall be ignored.

Share buy-back requests from shareholders shall also contain the number of shares of each class to be bought back, the grounds for such buy-back request, and confirmation that such share sale is compliant with the law provisions governing securities transactions by persons privy to inside information in the securities market. Any share buy-back request may be revoked only in regard to all of the Bank's shares presented by the shareholder for buy-back.

Not later than 5 (five) days starting from the date of the expiration of the time frame set for submitting shareholders' share buy-back requests, the Supervisory Board must adopt a report on the results of the submission by shareholders of buy-back requests with regard to their shares, which must contain data on the number of

shares requested to be bought back, and the number of shares which may be acquired by the Bank. Share buy-back requests submitted by shareholders shall not be accepted if:

any such request is received by the Bank after the expiration of the time frame set forth by Part 5 of this Clause;

any such request appears to be inconsistent with the provisions of Part 6 of this Clause;

according to the list of shareholders whose shares are to be bought by the Bank at their request and/or according to information about the registration of participants in the General Meeting of Shareholders that shall have passed a resolution giving grounds to shareholders to request the buy-back of shares by the Bank, and/or according to the voting results in respect of such resolution, such shareholder appears to be ineligible to request the buy-back of shares by the Bank (in the event that shareholders had been properly notified of the General Meeting of Shareholders where such resolution was passed); and/or

sale of shares by such shareholder is not compliant with the law provisions governing securities transactions by persons privy to inside information in the securities market.

Not later than 30 (thirty) days starting from the date of the expiration of the time frame set for submitting shareholders' share buy-back requests, the Bank shall be obliged, proceeding from the results of examining share buy-back requests, either to accept such requests by entering into share buy-back (purchase and sale) agreements or notify shareholders in writing by regular mail, hand delivery (courier), or by telecommunication means duplicated by mandatory delivery (mail dispatch) of the original of the notification about its refusal to effect such buy-back.

The total amount of funds committed by the Bank for share buy-back at the request of its shareholders may not exceed 10 (ten) per cent of the value of the net assets of the Bank as at the date of passing a resolution that shall have given grounds to shareholders to invoke the right to request the buy-back of shares by the Bank. Should the total number of shares to be bought back at the request of shareholders exceed the number of shares that could be bought back by the Bank with regard to the limit set herein, the shares shall be bought back proportionally to the applications submitted. Should the number of such shares upon calculation be not multiple of one, then the method of rounding down to the nearest integer shall be applied.

Any shares bought back by the Bank at the request of its shareholders shall be placed at the disposal of the Bank.

9. The own issued shares placed at the disposal of the Bank shall not confer any voting rights and shall be ignored during any vote count at the General Meeting of Shareholders, and no dividend shall accrue thereon. Such shares should be disposed of within 1 (one) year in accordance with the goals set in a relevant resolution passed by the General Meeting of Shareholders. Otherwise, the General Meeting of Shareholders must resolve to decrease the Authorized Capital of the Bank by the sum total of par values of shares placed at the disposal of the Bank.

10. The General Meeting of Shareholders may resolve to alter the number of shares in the Bank by either consolidating or splitting the share stock without changing the Authorized Capital of the Bank, provided that it does not result in the alteration in the number of shareholders and proportion of their stakes, and does not create fractions of shares (fractional shares).
